New greeting show beginning from March 27, 2020

URAYASU, CHIBA—This December, **Tokyo Disney Resort®** welcomes Duffy's newest friend, CookieAnn, to **Tokyo DisneySea Park**. CookieAnn is a girl puppy with cute floppy ears and a nose for good ideas. With her natural curiosity and healthy appetite for food, fun and flair, she's a whiz at mixing up unique and wonderful creations, much to the enjoyment of Duffy and Friends.

From December 26, Guests visiting Tokyo DisneySea can enjoy merchandise and food items inspired by CookieAnn, as well as a photo location designed especially for a photo keepsake with a CookieAnn plush. CookieAnn will also be featured in "Duffy and Friends' Heartwarming Days" beginning January 10, 2020, and from March 27, 2020, she will appear alongside Duffy and Mickey Mouse in "CookieAnn's Greeting Drive," a Disney Character Greeting offering that sees the three friends take a drive around the New York Area of American Waterfront in a Big City Vehicle.

Duffy and CookieAnn's Recipe for Friendship

Duffy first met CookieAnn when he was enjoying some delicious cotton candy. He accidentally bumped into her as she was carrying a huge stack of waffles, and all their treats flew into the air! Luckily, CookieAnn caught them, and turned the ingredients into a cotton candy waffle sandwich. The accident turned out to be a recipe for friendship!
