Get Soaked Programs

TOKYO DISNEYLAND

Splash Mountain “Get Soaked MAX”

The attraction Splash Mountain, where guests ride a log boat that inevitably drops down a 16-meter-high waterfall, will present “Splash Mountain ‘Get Soaked MAX’” again this year. During this limited-period, there will be an additional effect with more water being sprayed to make the drop even more exhilarating, allowing guests to enjoy both the coolness of the water and the thrill of the drop.

- Splash Mountain is presented by Kao Corporation.

GET SOAKED ENTERTAINMENT PROGRAM

Baymax’s Mission: Cool Down

Location: Parade Route

Duration: About 35 minutes

Performances: 3 daily

Number of Floats: 2

In this fun entertainment program presented along the parade route, Baymax, the personal healthcare companion robot from Disney Animation film *Big Hero 6*, protects guests from the summer heat again this year. In the program, Baymax is entrusted with the mission of raising the “energy levels” of guests and searches for areas in need of a cool down while spraying guests with mist. When an area with “low energy levels” is detected, the float stops and guests can enjoy a refreshing spritz of water to up-beat, lively music. This year, trailers equipped with water have been added behind each float, increasing the amount of water sprayed.

“Get Soaked” Toontown

Fun spots where guests can get soaked will pop up around Toontown again this year. The Trolley Barn at Jolly Trolley will feature cool mist and spraying water, and Toontown Fire Department and Fireworks Factory will spout more water than ever before. Guests will be able to enjoy the hot summer months with these water-splashing spots.

- For safety reasons, guests including children are requested to refrain from experiencing these programs in bare feet or swimsuits, or while removing their clothes.
- Toontown is presented by Kodansha Ltd.

TOKYO DISNEYSEA

Aquatopia

The limited-period special version “Aquatopia ‘Get Soaked’ Version” will return to Aquatopia, an attraction where guests can enjoy the unpredictable movements of an automated water vehicle. This summer, the cast members are excitedly awaiting the challenge of providing guests with a fun “get soaked” experience.

- Aquatopia will be an eligible Tokyo Disney Resort 40th Anniversary Priority Pass experience during this limited-period summer program.

“Get Soaked” Time

“Get Soaked” Time will take place again, following its launch last year. To energize guests during the hot summer months, cast members with barrels of water will be walking around for those who want to be sprayed with cool and refreshing mist.

- Each of the Get Soaked Programs are subject to change or cancellation depending on circumstances.
- In the Get Soaked Programs, guests’ faces, clothes, shoes, etc. may be exposed to a large amount of water. Please take care not to let your electronic devices, such as smartphones, get soaked, and put them in your bag or pocket.
