New Attraction at Tokyo Disneyland
Sugar Rush: Sweet Rescue

Sugar Rush: Sweet Rescue is the world's first attraction themed to the Disney Animation film *Wreck-It Ralph*.

King Candy, who is plotting to take over the world of video games, has set his sights on "Sugar Rush," a candy-themed racing game. He has transformed the confections throughout the world of Sugar Rush, including gumdrops and ice cream, into Sugar Bugs programmed to consume the entire kingdom.

Guests will enter the colorful world of the game and join forces with Ralph, Vanellope and their friends as they travel through a variety of scenes, working to restore the Sugar Bugs to their original "kawaii" forms before they can destroy the candy-filled world.

Guests can look forward to Sugar Rush: Sweet Rescue, an interactive, ride-through gaming experience for children and adults alike.
